BATTLE OF THE BOOK CLUB TITLES

While we have always welcomed suggestions for book club titles throughout the year from library staff, publishers, neighbouring libraries, book club members and the local community, this year, we are going to change things up a bit. We have launched Battle of the Book Club Titles to determine which titles are in the 2018 book club reading schedule. While book club members will be encouraged to vote both as a group and individually, the battle is also open to staff and public and will run until September. More details are available on our website. Round 1 ends May 31.
