

HERE ARE TWO NEW OPPORTUNITIES TO CREATE, SHARE AND EXPLORE VARIOUS TOPICS WITHIN OUR CALEDON COMMUNITY.

The first is to become part of Caledon Heritage Foundation's (C.H.F.) current project to develop a web site to record the cultural heritage history of Caledon communities. Thanks to our volunteers we are well underway but also need your help if you are able.

We know that there is a veritable treasure trove of historical material such as documents, photographs, and newspaper clippings, tucked away in peoples' homes.

We also realise that you value such items whatever they may be. That is why the library is providing high quality digital scanners, in the Bolton and Caledon Village branches, for your use. You can drop in to either branch and staff will be able to assist you with the scanning and saving of your documents. Never used a scanner before or would like a refresher? Contact Gillian Booth-Moyle [gboothmoyle@caledon.library.on.ca](mailto:gboothmoyle@caledon.library.on.ca) to book a tutorial session.

THERE IS NO CHARGE FOR THIS SERVICE.

After you have the digital files then we would appreciate you submitting them to the C.H.F. by contacting us at [chfoundation@gmail.com](mailto:chfoundation@gmail.com)

The second is Chronicles of Caledon being launched by Caledon Public Library. This new digital platform will allow users to create online galleries to share stories, family histories, creative works of art, or any other items that they would like to share. For more information please contact Gillian Booth-Moyle, [gboothmoyle@caledon.library.on.ca](mailto:gboothmoyle@caledon.library.on.ca).
